

Mining sector and Community Development

Enatfenta Melaku
Ministry Of Mines
Addis Ababa
October 2014

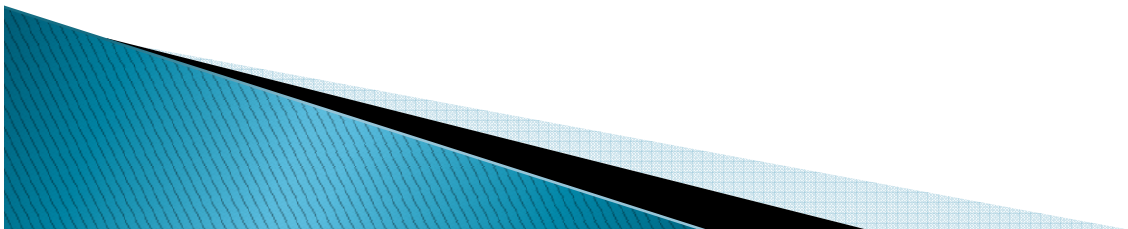

Background

- ▶ In 2007 MOM Established the Directorate as per Article 14 (Sectorial Environmental Units) of Environmental Protection Organs Establishment Proc. No 295/2002.
- ▶ Ministry of Environment and forest delegated Ministry of Mines, in May 2008, to review environmental impact assessment (ESIA) reports of the sector's development projects and to authorize their implementation and monitor the authorized MoM.

Background

- ▶ During the study of ESIA Social base line study and impact identification is one of the point.
- ▶ Mitigation measure analysis
- ▶ Management plan
- ▶ Through the process stakeholder consultation about the project is mandatory.

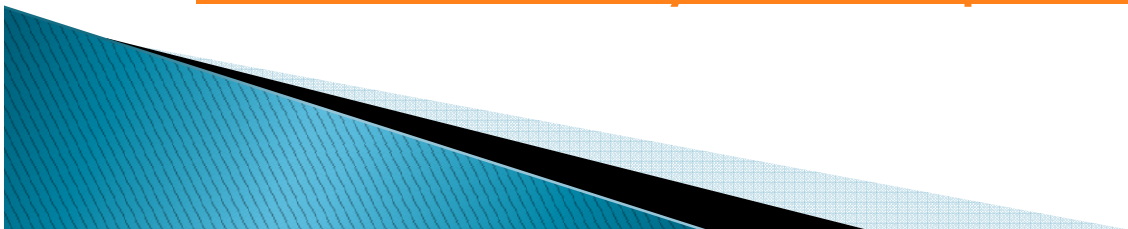

Community Issue

- ▶ Based on Mining proclamation 678/2010, Article 60
- ▶ Community development fund allocation by the proponent is mandatory.
- ▶ Negotiate on the amount of fund allocation for Community development for mining project.
- ▶ Follow up community development performed by petroleum exploration proponent.
- ▶ Monitor the payment of community development fund.

Community Issue

- ▶ Coordinating proponents to support community development works and local administration to prepare community development project proposals.
- ▶ Evaluation of community development project (Health, Education, Water, etc) proposals.
- ▶ Monitors the implementation of community development projects.
- ▶ Conflict resolution
- ▶ <E:\Community Development.xlsx>

Community issue

Benefit of Community Development For Community

- ▶ Improving people's quality of life,
- ▶ Increasing opportunities and skills development;
- ▶ Enhancing the strength and effectiveness of communities,
- ▶ Enabling people to participate in decision making to achieve long term control over their lives.
- ▶ Women and Girls are more benefited from

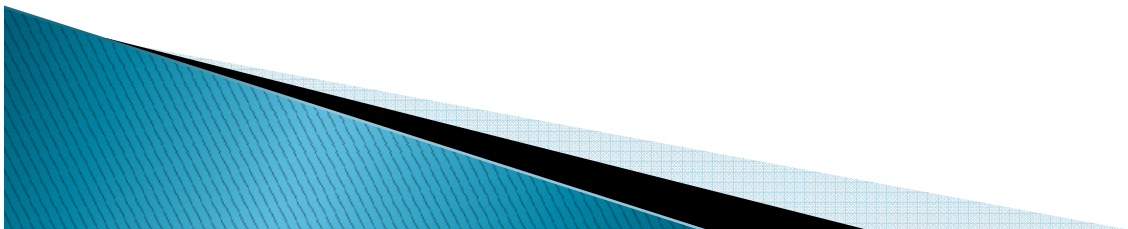

For Company

- ▶ Enhancing its reputation as socially responsible both locally and globally
- ▶ Mitigating risks and secure a social license to operate
- ▶ Meeting future needs for labor and services by enhancing the skills and building capacity of local labor and services by enhancing the skills and capacity of local labor force

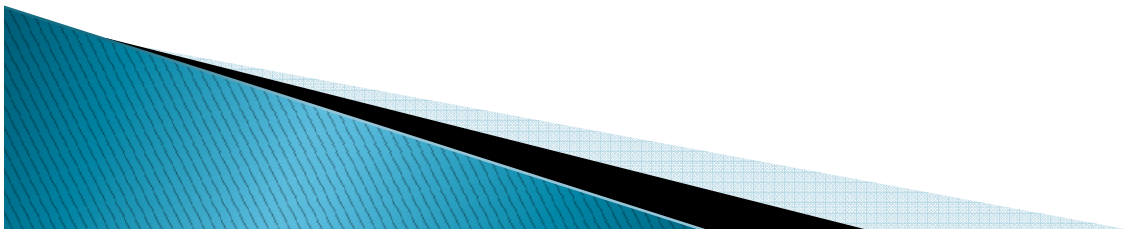

Challenge

- ▶ Gap of the mining proclamation 678/2010.
- ▶ Lack of Social management policy.
- ▶ limited commitment of the proponent on the Provision of Community Development fund.
- ▶ Expectation of local community.
- ▶ Limited follow up for social issue.

Overcoming Action

- ▶ The directive is under revision to overcome the challenge.
- ▶ Continues awareness raising on the benefit of Corporate social responsibility.
- ▶ Creating awareness for the local community about the development activity is mandatory to reduce expectation.
- ▶ Enhancing the commitment of the directorate in social issue
- ▶ Review the structure of the directorate

Thank You
