

This is the Fifth Debt Management Facility (DMF) Stakeholders’ Forum: “Debt Management in Developing Countries: New Frontiers and Ongoing Challenges”. The objective is to provide a forum for discussion of a policy-relevant agenda on debt management; to discuss current challenges faced by developing countries with respect

to debt management; and to foster knowledge exchange among participants. The forum is targeted toward policy-makers and debt managers from developing countries, international and regional technical assistance providers, representatives of civil society organizations, as well as bilateral donors and multilateral development banks.
