The VWID 2013 program seeks and supports initiatives of economic empowerment for women, with sub-themes of 1) Women entrepreneurs (including women being owners and managers of enterprises and owners of household business); 2) Women's Empowerment in Business and Production; and 3) Decent Work for Women.

The program has been conducted since March 2013 with 3 major activities:

1. Seeking and supporting innovative proposals which are capable of empowering and enhancing economic capacity of women;
2. Honoring innovative products of women in economic development by means of exhibiting and awarding typical innovative products
3. Holding a conference to honor women with good economic achievements, and a forum to exchange views and share experience.

Co-organizers for this program includes: Vietnam Women's Union, UN Women, and the World Bank in Vietnam. Co-sponsors for the program include AusAid, IrishAid, USAid and Unilever.
