Badges and Access

Spring Meetings badges will allow participants to access buildings from Monday, April 8 through close of business on Sunday, April 14. For delegates only, Spring Meetings badges will allow access through Friday, April 19.

All individuals must display their Spring Meetings photo identification badges or Bank/Fund staff badges for access inside the security perimeter and entry into all Bank/Fund buildings. It is not advisable, however, to wear identification badges in public outside the perimeter, especially if there are demonstrators nearby.

From April 8 to April 14, all visitors, including Spring Meetings badge holders, will be subject to magnetometer and x-ray screening before entering Bank/Fund facilities. While the security perimeter is up, Bank/Fund staff will also be required to go through screening. These screening lines move quickly, however individuals should allow extra time for this process to arrive on time for a scheduled meeting.

Press Badges: Press badges grant access to the press lounge, press room, press conferences, and press briefings. Members of the press must be accompanied by a staff escort within office areas at all times. Members of the press requiring building access after April 14 must comply with Bank/Fund visitor procedures.

Bank Visitor Center

The World Bank Group Visitor Center continues to engage and inform guests on our mission, goals and achievements as the public face of the institution. The interactive and informational displays and exhibits inside the Visitor Center highlight our impact as well as our priorities for sustainable development. Located at 1776 Pennsylvania Avenue NW, the Visitor Center will be open Wednesday, April 10 from 10 am to 1:30 pm, and Thursday, April 11 - Friday, April 12 from 10 am to 4:00 pm. Visit today to discover our stories about alleviating extreme poverty and boosting shared prosperity among the world's poorest.

Banking Services

Limited banking services, including cashing of travelers checks and foreign exchange, are available in Bank/Fund headquarters during regular business hours but will be closed over the weekend. Automatic teller machine (ATM) locations can be found on the Venues and Services page.

Watch Live!

[World Bank Live](#) and [IMFConnect](#) are the digital platforms for live-streaming and engaging with global audiences. They will broadcast all seminars and several side-events during the Spring Meetings.

Security

Security Perimeter

On **Friday, April 12**, and **Saturday, April 13**, a **full security perimeter** will be in place around the Bank MC Building and Fund complex. Access will be limited to persons carrying a Spring Meetings badge or a Bank/Fund photo ID. Refer to the [Campus Plan](#) for entry points.

There will be an increased police presence in the immediate vicinity of Bank/Fund headquarters and security personnel and law enforcement officials will closely monitor the security environment to issue updated information as necessary. In the event of an emergency, please follow the instructions of security personnel and law enforcement officials.

What to do in an Emergency

BUILDING EVACUATION

When: Fire, smoke, or a hazardous condition is detected in the building.

Response: Leave the building by the nearest evacuation stairwell. Do not use elevators. If you are mobility-impaired and cannot evacuate, call the emergency number listed on the [Contacts page](#), or seek assistance using one of the emergency phones located in the stairwells/floors of Bank and Fund buildings.

You will be notified by: Building evacuation signals (steady tone) and hallway strobe lights (flashing); public address announcements; messages on monitors in the public areas; security personnel or law enforcement and emergency response personnel.

If you see or smell smoke, do not wait for a public announcement. Please leave the building immediately by the nearest evacuation stairwell. Follow the ceiling-mounted EXIT signs to the evacuation stairs.

Evacuation stairs also are identified on wall-mounted maps at the elevator landings on all floors.

REMAIN IN BUILDING ("Shelter-in-Place")

In many situations, remaining indoors will be the most sensible response should an emergency occur.

When: A threat or dangerous condition outside the building is identified.

Response: Stay indoors until notified that it is safe to exit the building.

You will be notified by: Public address announcements; messages on monitors in the public areas; security personnel.

During a Shelter-in-Place you are requested to: Remain in the building. Move away from street-facing offices to interior corridors and meeting rooms; listen for updates on the situation through public address announcements; be aware that the building air-handling systems may be turned off and elevators may be recalled to ground level. These are standard procedures to prevent potential contaminants from entering the building.

BUILDING CLOSURE

Should it be necessary to close a building, announcements will be made on the public-address system and messages will appear on monitors in public areas.
