

AGENDA

**“FROM EBOLA TO MORE RESILIENT
HEALTH SYSTEMS”**

17th April 2015

Room C-8-150
1225 Connecticut Avenue, NW
Washington, DC

Agenda

This event has the following principal objectives:

- Providing an opportunity for the Ministers of Health from Guinea, Liberia and Sierra Leone to present and discuss their more advanced health sector recovery plans with Development Partners and other stakeholders, with the aim of accelerating support for ending the EVD epidemic and strengthening health systems within, and across, the affected countries.
- Underscoring the importance of maintaining a longer-term development perspective, with a central focus on health systems strengthening, and with the overall aim of building a health system that is resilient to future health shocks.
- Enabling Development Partners to better align their efforts with country plans and priorities, in a complementary manner.
- Clarifying financing approaches to support the prioritized country (and regional) plans.
