1) Evaluation of hiring a vendor to develop e-GP platform has been completed as of May 29, 2014 and still on track to implement and pilot e-GP by March 2015	1) To complete e-GP system by March 2015. Pilot will be carried out in January 2015 in five to six contracting authorities who have better IT infrastructure. Selection of the CAs will be done by PPRC
2) Prepared a draft 5-year public procurement strategy. The draft is in discussion with all stakeholders and will be finalized by PPRC in October 2014	2) Complete overall National Public Procurement Strategy for Kosovo by October 2014

Achievements in 2013	Action Plan for 2014
3) Completed Training strategy for the procurement officers in April 2014 and will become the core material for training public procurement officers in the future	3) Finalize the manual for Monitoring Performance in Public Procurement system in Kosovo by December 2014
4) Draft Manual has been completed for the Public Procurement compliance and Performance Monitoring system in Kosovo. PPRC with the help of consultants have started piloting the monitoring of performance (with two contracting authorities namely Ministry of Health and Ministry of Youth)	4) Continue Training of Public Procurement Officers on a regular basis
	5) Start amending of current Procurement Law by December 2014

Achievements in 2013	Action Plan for 2014
1) Improvement of the legislative framework (new draft PPL prepared and submitted to the Parliament);	1) Adopt new PPL and related regulations;
2) Secondary legislation is prepared, ready to be approved once new PPL is adopted	2) By the end of the year put in place electronic reverse auctions and e-catalogue;
3) First phase of E-GP system is developed. First electronic tender will be launched on June 3, 2014.	3) Improve collection of statistical data along with its analysis and prepare improved statistical report for 2014.
4) New PPL has provision for an independent commission for review of complaints;	4) Finalize guidance on the implementation of the public procurement legislation.
5) Procedure for the framework agreements is prepared.	

Achievements in 2013	Action Plan for 2014
<p>1) Number of contracting authorities has increased to 98. These include central public authorities, ministries and bodies subordinated to them. These are the biggest procurement entities which carry out 28% of the entire public procurement;</p>	<p>1) Improve the existing statistical module;</p>
<p>2) As part of implementing the order of the Ministry of Finance, the training plan has been developed. The training of contracting authorities has been carried out online, in groups of 5-7 people. Working groups, including training, have been created for economic operators;</p>	<p>2) Develop a more complex analytical module which will allow us to process all the collected data. This will give us the possibility to follow the trend in each sector and redirect it, if needed;</p>
<p>3) The PPL has been adjusted to the EU Directive No. 18/2004. The draft is currently being examined by parliamentary commissions. New draft law on utilities has been developed. The regulations and Standard Bidding Documents needed for conducting public procurement using e-GP have been approved.</p>	<p>3) Ensure transparency in each step of the procurement process, starting with the needs assessment step, financial planning and, most importantly, ending with the contract implementation monitoring.</p>

Achievements in 2013	Action Plan for 2014
1) EC screening for Chapter 5 on Public Procurement is adopted.	1) The IPA funded project "Implementation of e-procurement" with cost estimated to Euro 1.5 million is planned to be conducted.
2) Negotiated position in field of public procurement circulated to council on Oct. 14, 2013	2) Adoption of the amendment of the PPL and improvement of principles of public procurement.
3) The 3-rd meeting of the Accession Conference with Montenegro at a ministerial level held on Dec. 18, 2013 in Brussels to open negotiations on Chapter 5 Public Procurement	3) Implementation of training session and strategy of public procurement, especially in regard to anti-corruption and conflict of interest.
4) Within IPA financed project "Training in Public Procurement in Western Balkans and Turkey", the country was recognized with a certificate and a team of 12 procurement trainers was established.	4) Montenegro is officially an EU candidate country. Other steps in the action plan will be complementary with new trend in the level of EU.

Achievements in 2013	Action Plan for 2014
<p>5) The project "Strengthening of public procurement system in Montenegro" was conducted in June 4, 2012 to July 2, 2013, where 4 experts in law, IT, audit/inspection in public procurement were engaged in the above project.</p>	<p>5) Together with the EU Commission we will set up new goals and related activities to achieve them.</p>
	<p>1) Upgrade the e procurement system (SEAP) including to enable better monitoring of the procurement process;</p>
	<p>2) To transpose the new EU Directives in the local legislation by April, 2015 and to monitor performance</p>
<p>1) New Public Procurement Law was adopted and came into force on January 1, 2014 (Federal Law 44-FZ). MinEcon and MinFin have developed and the Government has adopted 37 normative legal acts required for implementation of the Law;</p>	<p>1) To insert revisions into Federal Contracting Law 44-FZ to introduce e-procurement (with exception to single-source procurement);</p>

Achievements in 2013	Action Plan for 2014
2) Regulation for planning of purchases was developed for 3-year period;	2) To insert a requirement to justify procurement during planning stage taking into account normative expenditures;
3) Starting from 2014 centralized purchasing under 44-FZ is being implemented.	3) Definition of an order for monitoring contracts (including participation of banks) in terms of anti-corruption legislation;
	4) To develop and adopt acts (sub-laws) of Government required for further realization of 44-FZ Law (26 acts);
	5) To develop (by the end of 2015) a unified procurement information system;
	6) To consider a possibility to develop criteria (if not yet done by Accounting Chamber) for measuring effectiveness of procurement.

Achievements in 2013	Action Plan for 2014
	<p>1) Prepare a substantial analysis of public procurement system to determine good and bad practices of elements of public procurement procedure and the most frequent and recurring breaches of law and develop new indicators to measure transparency and efficiency of public procurement process, economic spending of public funds, application of proportionality in public procurement, accountability, penetration of foreign suppliers, works and service providers in Slovenian public procurement market, level of SME participation, etc.</p>

Achievements in 2013**Action Plan for 2014**

1.Strategy for Development of Public Procurement in Serbia for the period 2014 - 2018 to be adopted by the Government

Achievements in 2013

Action Plan for 2014
