E-GATE Conference

ELEVATING GLOBAL ACCESS THROUGH E-COMMERCE IN CENTRAL ASIA

June 10th Bishkek, Kyrgyz Republic

E-GATE initiative is funded by the UK Foreign, Commonwealth and Development Office (FCDO)

Partnership

Progress

Prosperity

WHAT IS THE E-GATE?

Launched in 2024, the E-GATE project is funded by the UK FCDO. EGATE aims to demonstrate the effectiveness of e-commerce for the economies of the Kyrgyz Republic, Uzbekistan, and Tajikistan by working with both governments and the private sector.

Today we will talk about it

Piloting companies enter international marketplaces

Information campaigns

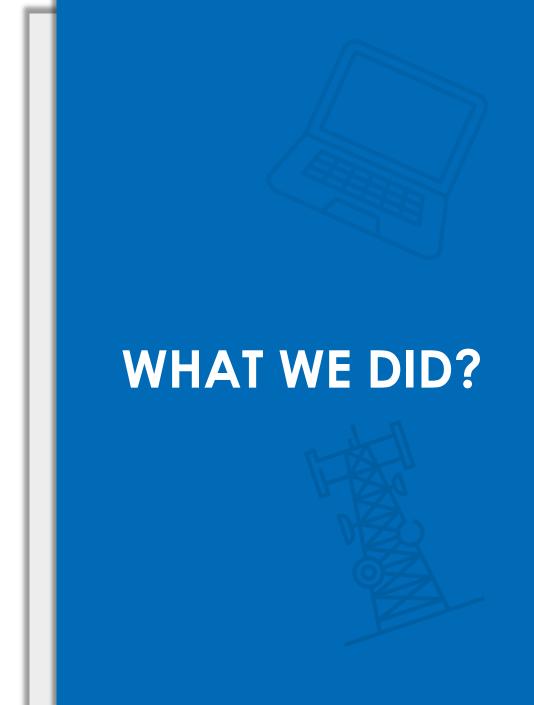

Support for ecommerce reforms, regulations, and metrics

Analytics and research

INTERVENTION I: ONBOARDING

In May 2024, we openly selected **83 businesses of all sizes** sell their **products worldwide** on Alibaba.com by providing them **Alibaba memberships**. We also collected data before and after to see how this support helped improve market access, increase income, and create jobs.

Pilot program with Alibaba.com because it is a large global B2B marketplace, present in the region, accepts agriculture products

INTERVENTION II: TRAINING AND MENTORSHIP

We provided **over 70 events** on Alibaba training, virtual check-ins, individual diagnostics, and workshops on account management, marketing, logistics, taxes, postal services, much more.

Lack of knowledge

Lack of specialists

Lack of sales strategy

Lack of dedication

23 million

20% new jobs

WHAT WE ACHIEVED?

regional trade 70+ new markete

Before E-GATE

After E-GATE

in one year on the platform

+70 new markets

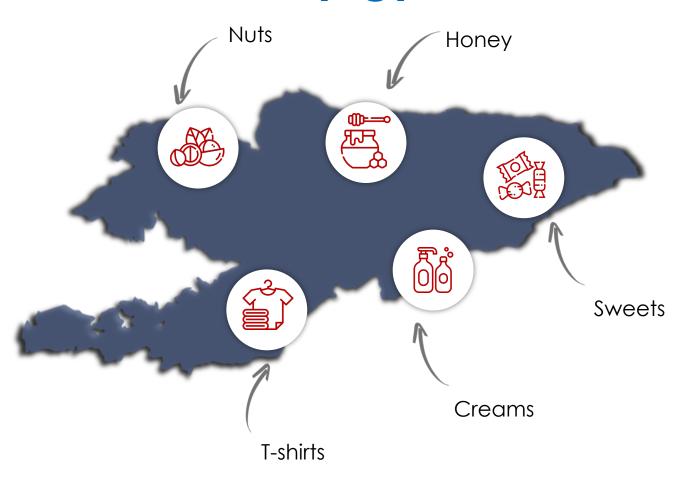

> \$23 million new contracts

> 20% firms created jobs

E-GATE in Kyrgyzstan

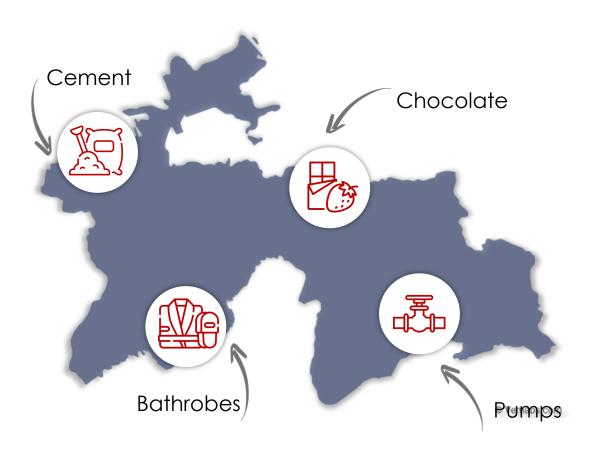

UK, France, KZ are popular destinations

70% firms are in negotiations

E-GATE in Tajikistan

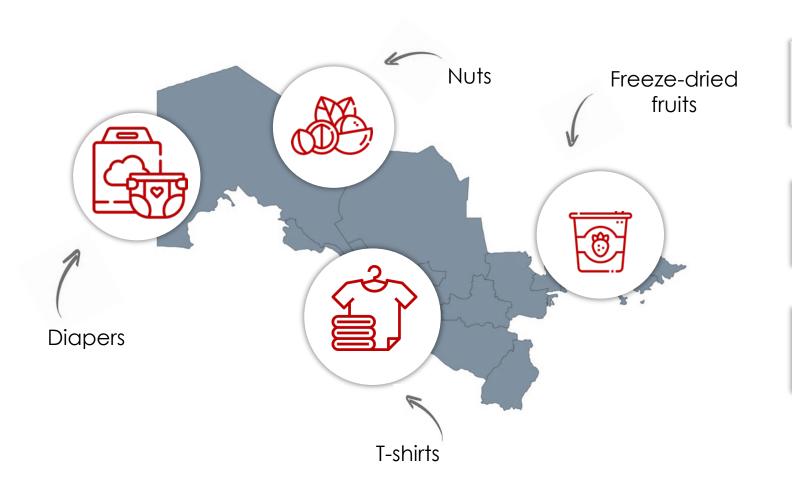

SA, UZ, AGH are popular destinations

>\$16M deals

73% firms are in negotiations

E-GATE in Uzbekistan

UK, UAE, NZ are popular destinations

>\$5M deals

30% firms are in negotiations

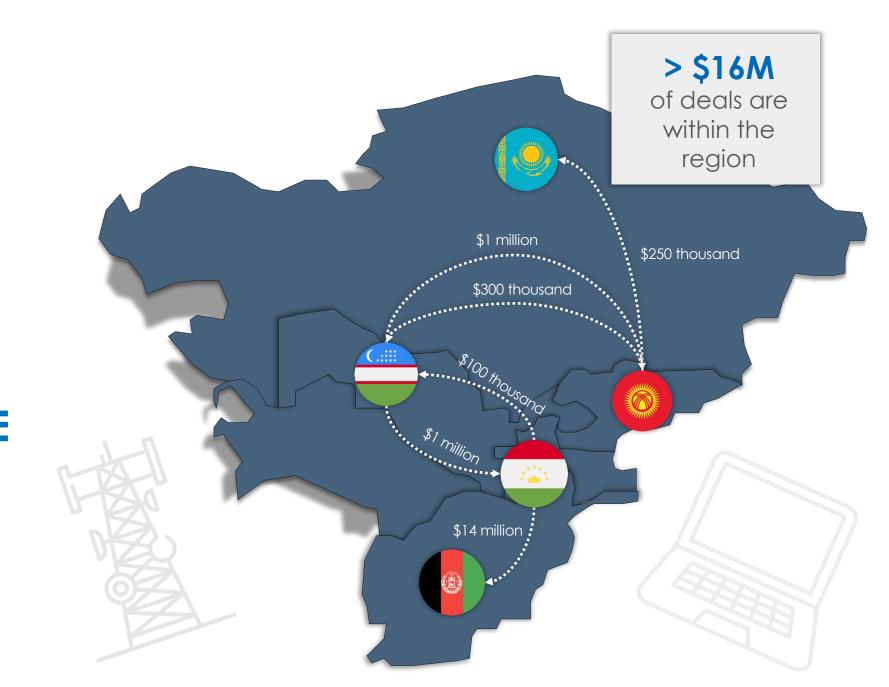

WHAT'S NEXT?

CAPACITY BUILDING IS KEY

Subsidized memberships without training is unlikely to get success

WE WITNESS
LARGER
REGIONAL
TRADE
THROUGH
E-COMMERCE

From introducing B2B e-commerce for exports, jobs, and growth in Central Asia

To regional integration, economic growth and building the integrated **Central Asia** market for **exports**

Earlier we had closed high-level roundtable outlining future vision

With the government commitment E-BRIDGE will build on E-GATE and scale to empower SMEs in Uzbekistan, Kyrgyzstan, and Tajikistan to export across borders by addressing logistical, regulatory, and technical barriers through practical, scalable interventions.

Envisioned outputs in 3-5 years

+500 SMEs supported

+50-70M new deals

+15,000 new jobs

E-BRIDGE will be an innovative and flagship program under the upcoming large-scale regional World Bank Group Multi-Phased Programmatic Approach (MPA) titled IGNITE. IGNITE starts with E-BRIDGE through digital trade, where alignment is most feasible and impact most immediate.

Like the EU began with coal and steel, we begin with digital trade.

Regional Digital Shelf

a joint B2B portal co-branded across countries

Longer term

Knowledge Hub

deliver training, inform future regulatory reforms

E-GATE experience

Longer term
