

UNLOCKING EFFICIENCY

The Global Landscape of Building Energy Regulations and their Enforcement

THE WORLD BANK
Development Economics • Global Indicators

UNLOCK MARKET TRANSFORMATION

Combine targeted financial incentives with technical resources to overcome implementation barriers

FUTURE-PROOF REQUIREMENTS

Incorporate smart technologies, climate resilience and grid integration into evolving code framework

BUILD BEFORE YOU ENFORCE

Develop market capacity and technical expertise before strict enforcement of complex requirements

ADDRESS EXISTING BUILDINGS

Create retrofit policies with trigger points and financial incentives to transform standing stock
